THE FINANCIAL BARRIERS CONTRIBUTIONS FROM THE WEST SAVE WALL STREET.

NEW YORK, Nov. 12.—Gloom, deep and depressing, hung over and about Wall street this morning, following the effects of the Black Friday, its worst day in its history. All night long the offices of brokers, bankers and trust companies were lighted and animated. There were more people rushing about the streets between sundown and sunrise than on any night since that day.

THE SONG WAS SOUNDED FOR THE opening of business this morning on the stock exchange there was a yell and a cheer, and the attendance was unusually large. The galleries were crowded to their utmost capacity, and by a class of well-to-do capitalists from Denver, Louisville and even the southern cities all responded nobly, each contributing to the redemption of Wall Street speculation from absolute ruin.

GREENVILLE GLEANINGS. This bustling town at the present time seems to be advancing rapidly from a business point of view. The market has been very active and prices of the day. The failure of Joseph C. Wallcut, baker and croaker, 32 Pine street, and B. K. True, stock broker, 23 Broad street, was announced. Assets and liabilities were being taken up. The market for potatoes is very active and prices are bringing 70 cents in this market. One farmer living within a mile of Sand Lake, Mich., has raised 100 bushels of potatoes in the county.

COULD'NT STAND IT. The Old North River Bank Closed by a Steady Rain. NEW YORK, Nov. 12.—The North River bank closed its doors this afternoon. It was operated under a state charter bank as having a capital of \$240,000; a surplus of \$118,500; loans, \$2,000,000; deposits, \$1,975,000, and cash on hand, \$270,000.

THE DEMOCRATS DID IT. Senator Sherman Says the Panic is Due to the Election. WASHINGTON, Nov. 12.—Senator Sherman, who is at his home in New York when asked today by a reporter as to the reason of recent elections, said: "The most serious result of the recent election is the hardening of the times caused by a distrust of the financial policy of the incoming house of representatives. All sorts of financial schemes of the widest character will be proposed and whoever shall be the outcome they will make capital timid and arrest many business enterprises that were on the point of being executed."

WINDOW HELPS A MEET. WASHINGTON, Nov. 12.—In order to relieve the financial situation at New York the secretary of the treasury today authorized the assistant treasurer to advance \$500,000 of the public funds from bankers desiring to transfer them by telegraph to the assistant treasurer. New York parties having funds in San Francisco that are not negotiable in New York then for immediate use in New York.

GREAT NAVAL DISASTER. Nearly Three Hundred Lost With a War Ship.

LONDON, Nov. 12.—Constitution prevails in the British admiralty over the news just received of a terrible marine disaster involving the loss of the warship Serpent. A brief message was received tonight announcing that the Serpent, commanded by Her Majesty's ship, is all that is known. The dispatch states that the Serpent foundered off Cape Bay, Spain. She had 287 men on board. Three swam ashore and the remainder perished. The Serpent was bound for the Cape of Good Hope and west coast of Africa. Her officers were Commander H. R. Hoyle, lieutenants, Guy H. L. Granville and Terquell McLeod; surgeon, J. W. Dixon; engineers, J. W. R. and W. E. R. and W. T. Head.

THE SILENT SINGING FROM 3 TO 5 P. M. The stock market in the last hour was marked by increasing activity. The usual share fluctuations and a general rising tendency in prices, although Louisville, Mich., and sugar, which rose to 50, were there any material advances. Later, however, the market became more active and prices of the day.

ARTISTIC AND ELEGANT.

There are many beautiful things displayed at the Masonic fair. The artistic designs in almost everything is seen there, but there is one place in the city that presents an appearance that is really artistic, elegant, and beautiful.

THURSDAY, NOVEMBER 13, 1890. REVISING THE TARIFF. The Democrats undertook to revise the tariff by Morrison's bill and lost the next election. They again tried the same idea in the McKinley bill and were defeated. The Republicans then took up the same idea in the McKinley bill, and now they are not only whipped, but put in the solitary two years.

To revise the tariff in a dangerous undertaking for any party. The tariff is a powerful practical effect against a revision has such a disturbing influence that reasons can be given with almost any measure that defeat the party ambitious for the general change is almost certain.

But shall the taxes never be lowered? Since we never have a release from the abuses of a long continued highly protective tariff.

We answer, yes; but not by a general measure. Senator Vest has the right idea on this subject. He would like to see the McKinley stings by amendments to existing laws, either reducing the rate of taxation or by increasing the free list.

Let us have no more Morrison horizontal cuts, no more Mills bills, no more McKinley bills; but let the abuses be attacked singly and the free list gradually enlarged until it is demonstrated that protection is no longer necessary and that commercial freedom carries commercial prosperity and national glory.

THE PANIC ON WALL STREET. Wall street is again in another flurry and the whole country is slightly touched by nervousness.

The trouble is attributed to Jay Gould, who is expected to back Friday and who reacts on this one, only it was black Tuesday.

That man Gould should have a curb bit put in his mouth. Whenever any one can be by the power of his money to control the business of a nation and manifests a reckless willingness to do so, it is time he should be suppressed. The problem is one for a statesman's study.

THE GOED BOVINE. It seems that the Democratic returning board of Detroit has gone behind the returns and refused to certify to the election to two Republicans and gave their seats to two Democrats.

Now this is precisely what was done by Speaker Reed and his supporters in this congress in the case of at least a dozen Democrats who held seats, some of them by immense majorities.

All the Republican papers of Detroit glorified Reed to the seventh heaven for thus denying seats to Democrats in congress, so strange to relate, these same Republican papers are awful mad at the Democratic members of the Detroit returning board for refusing seats to the two Republican councilmen.

CEDAR SPRINGS CLIPPING: "The Democrats have 'used' up the Greenback and are in shape to accept proposals from England, and accept them. Yes, indeed, England proposes to take all our barrels of pork and bushels of wheat in exchange for carpets and woollen cheaper than we can make here, would we not reciprocate with the bargain or would it be free trade?"

PUBLIC OPINION. "I have got through with snap advertising in all right, and when I have any announcements to send to the public the daily papers will serve me as a medium in the future." Another man has come to his senses. A few more such as this, and every thing is going out of fashion. I know one merchant in this city who expects nearly \$100,000 worth of new goods next fall and is willing to wager a new hat that not one-third of it will be sold. He is not alone. He is not alone. He is not alone. He is not alone. He is not alone.

In direct contradiction to the expressions on oysters comes a few comments on peanuts from an experienced housewife, the mother of several children.

"There is a big crop of peanuts in Virginia and other Southern states this year, and that they are to be cheap in the market, she said. She said that there is a big crop of peanuts in Virginia and other Southern states this year, and that they are to be cheap in the market, she said.

Another thing in connection with the fair which has interested me is the manner in which the prizes drawn are disposed of by the winners. Yesterday I noticed a gentleman purchasing a number of chairs and finally he drew a crock of butter. He hesitated a moment as to what he would do with his prize and then gave directions to have it carried home and finally he drew a crock of butter.

Now it is very possible the returning board deserves just what it is getting. We and our defenders who have defended the arbitrary and unjust action of the Republicans in congress, but we are illustrating the old story of the unfortunate bovine that got a hole in him.

EVERY promise of today is for a great advance by this city in 1891. Streets are to be improved, magnificent new water works factories to be raised, additions will be made to those factories in successful operation, a new survey of the river is to be made and that grand improvement assured. As they say, when the wheel of fortune is given another
