

the constitution to enable the attorney

to act as a lawyer.

It is perhaps a little harsh to say so

but it is true that the people look upon

one who eagerly seek an office at a stip-

ulated salary and then after getting into

the office commence to look for an in-

crease of salary to better than salary

grabbers. We don't if one man with a

card or a record is available for a

candidate again.

All office holders who may have aspir-

ing to higher place or higher salary

such places as they may be holding had

better make up their minds to be con-

sistent with the salary they are getting for

we assure them nothing is more repug-

nant to the public than to see a man

at the office holder at his salary who would all his

expedients to get the place against his

competitors or knowing what it paid. Such

holders for higher salary put themselves

in the line of against and salary

grabbers and the popular feeling is that

one who holds a place for which he has

no claim and no merit is a disgrace to the

office and a disgrace to the community.

It is the duty of the public to see that

the office holder is a man of merit and

that he is a man of integrity.

MUSIC AND DRAMA.

The Chicago Herald said of the University of Michigan Glee and Band club, which will be heard here tomorrow evening: Of all the entertainments that have been given here by college boys, the one given by the students from the University of Michigan was by far the most enjoyable. The songs were fresher, more tuneful, and better rendered, and the Glee and Band quartet was decidedly the best that has been heard in this season.

Sampson performed before two of the largest audiences that have been in Hartman's hall since his engagement there yesterday. The matinee was attended by about 800 people, mostly ladies and children and in the evening there was a large and good audience. Sampson is a wonderful, but he didn't draw a cent, probably never come again.

This morning at 9 o'clock the sale of seats began at Hartman's box office for the great United States Marine Band concert at Hartman's hall April 16. A great treat is in store for the music loving public on this occasion and doubtless there will be a very large attendance.

Pastl contemplates another tour of this country next season and will stop in small cities where she never has appeared as well as the larger ones. She will sing in concert.

Ada Bohner, the "lady" of "The Bunch of Keys" company is perhaps the brightest comedienne on the stage who plays in the so-called face comedies.

Demian Thompson concludes his three week engagement with the New York Great United States Marine Band and returns to his home in Connecticut for a rest.

Another good sized audience witnessed the performance of Morrison & Dalley's latest specialty company at Smith's opera house last night.

PUBLIC OPINION.

People who intend to move, are cleaning house, expect to make their residences, have gardening in view or any of the other spring changes should read the advertisements in the daily newspapers. As it is in our law how many excellent bargains are secured in "For you" that it pays to read advertisements in the papers to be appreciated by a great many people.

The council should prohibit delivery wagons from driving slowly up and down the business streets with the objection of soliciting business. If they were allowed to stand in one side of the street, they would advertise it, and people would soon learn where it is. They are a nuisance in the street.

The resort managers should consider well before opening up for the season the advisability of allowing liquor to be sold on the grounds. Where there is liquor there is always something objectionable about it. People who will not seek enjoyment at such places.

A great many laborers have built themselves houses in the outskirts of the city, and they are obliged to ride on the street cars to and from their work. Good street car service in every direction.

There never was a more quiet or respectable election in this city than the one held Monday, and intelligent citizens will be all the more thankful for the booth system, which rids politics of many objectionable features.

Get out and enjoy the invigorating spring atmosphere. If you haven't a carriage hire one. You will be benefited more than the expense incurred.

The business streets could be cleaned and kept clean by the use of street rollers. It is very offensive at this time of year.

The P. & S. G. F. Union. At the meeting of the Plumbers, Steam and Gas Fitters' union held at their hall last evening the following regular routine business was transacted: The regular routine business the following committees were appointed to select grounds and names for their annual athletic games to be held in the near future.
