The fact that Germany has concluded to admit American meals and cereals is a proof conclusive of the shortsightedness of those who oppose the tariff. There is wheat a good thing to hold for a higher price.

MONDAY SALE

OUR ANNOUNCEMENT.

In every large Furniture and House Furnishing Goods House there is constantly collecting a large amount of broken or unsorted stock, such as Parlor Suits with one or more pieces broken. Carpets cut too small, mildewed window shades, parts of Sets of Chairs, besides a great amount of other stock which the dealer from lack of assortment finds to be unsalable.

THE OLD WAY Was to store such stock away until such a time as it could be matched up and again placed before the consumer for sale.

Most Installment Houses Prefer to Continue in the Old Way.

THAT GEORGIA HOME.

A very interesting and improbable story is being circulated in the monopoly press to the effect that the representatives of the legislature of Georgia to accept the Confederate soldiers' home and assume the expense of maintaining it is the result of an agreement between the Alliance leaders North and South by which the Southern Alliance was to demonstrate to the Northern allies its divorce from the lost cause and devotion to nationalism. It is a silly invention. The farmers of Kansas don't care a cent whether the farmers of Georgia take upon themselves the support of their destitute and disabled soldiers or not. It is in an affair exclusively their own and there is nothing disloyal or sectional in it. Indeed every right minded man would see more mobility of the heart in the Georgians taking themselves in caring for their unfortunate heroes than in not doing so. It is true these men were rebels against the best government the world ever saw. But it is also true that they were soldiers and ventured life, fortune and sacred honor for the cause of the Confederacy. That cause was lost, not by any want of courage or sacrifice on the part of these Southern soldiers, but because they were opposed by larger numbers of Union soldiers, equally brave and heroic as were the Southerners, and withal better handled by more skillful generals.

Notwithstanding the conceded genius of Lee, Jackson and the two Johnstons, history will accord to the North their superiority. Besides, Mr. Lincoln gave a wiser administration for the Union than Davis gave the confederacy. The retention of Bragg at Chattanooga, and the removal of Johnson & Aikens, were terrible mistakes by Davis. Lincoln's only error was in displacing McClellan and putting Pope in command.

However the Southern soldiers fairly won the gratitude and protection of the Southern people and it is not creditable to the farmers of Georgia that they have refused these needy veterans a decent support in a home that has been erected by many contributions by rich men both North and South, including many dollars from Union soldiers, who pity the unfortunate but brave men who subdued in battle.

THE DEBT DECREASING

It is well enough for Democrats to watch Secretary Foster closely for all the political capital they can find, but they should be fair and truthful and at least not create distrust of the financial ability of the government. The secretary can and will pay off every \$4 bond not extended at a 1 per cent and there is no doubt that the public debt is not being increased; in fact, it is being largely decreased from year to year. No party is entitled to the credit of what decreases of debt there; the credit belongs wholly to the patriotic taxpayers who are keeping into the treasury taxes at the rate of more than a million dollars a day. There is no increase of the debt. It is increasing because there is such excessive taxation that debt paying must go on. The only fact to find is that the debt is not reduced faster.

Labor Day is to be kept all over the country with more interest by the working classes than ever before. The cause of labor reform is receiving greater consideration than ever, except perhaps in this city, and we do not despair here. Grand Rapids organized labor will yet have its triumphs and they will be orderly and peaceful and proceed from the ballot box.

Miss Scott should remember the fate of Miss Cousins and not make any appeal to the courts. It is a little hard for an officers' wife to be so, but the courts can't solve a sorcerer. Miss Scott should retire to private life gracefully, or at least as gracefully as she can.

Just as Uncle Jerry Bunk is getting things in shape to boom corn and boys a cold wave rises up in British territory and sweeps down over Dakota, Minnesota, Iowa and Nebraska and withers the promising corn crop that was yet in its tender ears.

We cannot see why it is not proper to issue to farmers on real estate money for half its value at 2 per cent interest. If it is proper to issue money to bond holders on bonds for 90 per cent of their face value at 1 per cent interest.

The share of starvation and the fear of suffering in consequence of a failure of crops have brought Germany to the feet of the American hog.

THE TURNERS

The Local Verden Entertaining Visitors From All Parts of the State. An important meeting of Turners is to be held at Turner hall on Jefferson street today. The local Turners are entertaining representatives of all the Turners in the western district of the state. The delegates commenced to arrive last evening and were met at the depot by the local society. Today a large number of delegates will arrive from Lansing. An excellent program has been prepared and some beautiful prizes will be awarded this evening.

The hall is handsomely decorated and a large crowd will be in attendance during the day and evening. Last night large delegations arrived from Lansing, East Saginaw and Jackson. In addition to the delegates a number of visitors from Detroit and Marquette came to the late train. NO CASE FOR THE CORONER

Called to investigate the Case of a Corpse in a Baby Car. Wm. Lewis managed to create quite a stir at police headquarters yesterday morning by reporting that a dead baby was lying in a cab at 13 Union street. Coroner Penwarden was notified and Officer Ross detailed to investigate the matter. Upon investigation it was found that the eleven-month-old daughter of William Schirringhouse, who had been in this country about five months had died from natural causes. The family are now confined with the ways of this country and after the death of their child placed it in a baby carriage. The child had been embalmed by Undertaker Joldersma and the manner in which it was treated by its parents in placing it in a cab excited Mr. Lewis' suspicions that there was something wrong. Coroner Penwarden decided not to hold an inquest. The father last worked for McCord & Bradford, but for the past week has been out of work.

Another Fair Ground Excursion

BEAUTIFUL PICTURES

A Reporter's Visit to a Local Artist's studio. Mrs. A. M. Graves, the celebrated artist, has returned from an extensive trip through the mountains of the east and through the picturesque portions of Canada. A reporter of the Morning Press visited her at her home, No. 174 Sheldon street, yesterday and when he entered the studio a most bewildering display of water colors, oil paintings and crayon sketches met his gaze. One noticeable work was an oil painting of a poppy garden, which is a perfect gem. The coloring and shading show the work of true genius, and the flowers stand out from the canvas as natural as life. Another most remarkable work is an oil painting of white roses trailing around a jet. It is executed with such mastery that you intuitively bend forward to catch their fragrance. H. M. Gossett, the well known critic, has truly said that Mrs. Graves is the finest painter of roses in the United States.

Mrs. Graves does not confine herself to floral subjects. Her animal and aquatic subjects are far beyond. Her portraits and sketches are startlingly natural and one could not help but feel that the artist has a life that you feel disappointed when it falls to sleep. In a painting room, resting on a easel, is a large picture, yet in an unusual condition of the 'Rocks of Ebor' of Canada, which the public will have a chance to see in a few days, as it will be placed on exhibition.

Mrs. Graves has letters of the highest recommendation from the foremost citizens here and intends devoting her time to the study of the art of painting, in which she has well learned from the foremost Parisian painter.

FUCKLE MINDED MAN

Three Married and Three Divorced at Thirty. Judge Burleighman yesterday heard the evidence in the chancery case brought by Katie M. Smith against William H. Smith and granted a decree of divorce to the complainant with the custody of a minor child. The defendant is said to be a greedy and fickle man, unfit to live in civilized society. He is not thirty years old, has been married three times, deserting his wife each time and allowing them to obtain divorces. He married the plaintiff about three years ago and after the birth of the child deserted his home, leaving the wife and child without support. Judge Burleighman intimated that had the defendant appeared in answer to his summons he would have forbidden him to marry again.

A further hearing in the McDowell street case was set for Tuesday and the habeas corpus case brought by S. H. Raymond for the body of his little daughter was set for Tuesday morning.

Superior Court Jurors

The following list of jurors has been drawn for the September term of the Superior court, which convenes a week from tomorrow: First ward, Edward B. Byland, Wm. Ross, Joseph Petr; Second ward, August Broder, Edw. White, Frank C. Sherman; Third ward, Charles W. Wilson, John Vander Bugge, Peter Toller; Fourth ward, Dark Nyberg, Julius J. Kokozel, Edward Sawyer; Fifth ward, Wilson Whipple, John D. Lee, Wm. A. Dunn, Sixt ward, Ed. Connelly, Jas. Miller, C. R. Bentley; Seventh ward, Thomas Doran, George Brass, Maurice D. Krasnik, Nish, Carl, Honn; Eighth ward, John Housley, Thos. Washburn; Ninth ward, Geo. H. Outhous, John W. Powell, Jerome E. Phillips.

Appealed From Justice Hydon

The remaining list of jurors from Justice Hydon's court in the following cases were filed yesterday with the county clerk: Canal Street Grand Road company vs. Nicholas Pass, William Selwyn, John Hale, Bert Egan vs. Frank Appel, Spolstra & Sievas vs. Catherine Demoran. The affidavit and bond on appeal was also filed in the case of Miles K. Norton vs. Frank A. Bacon.

Will Not Celebrate Labor Day

Or Cleveland immediately after his release from Police court yesterday morning went to the Barnard house to get a farzawl drink. One drink led to more and he was soon boiling drunk again. He ordered Mrs. Nellis out of the house, and she had him arrested again. He was taken to jail and locked up until Tuesday, as there will be no court tomorrow.

The Epitaph's Feast

The barbeque and clam bake at the Reed's Lake this afternoon has been the subject of conversation in all circles for the past week and will no doubt be attended by a large crowd. When it is taken into consideration that the prices of caterers, Walter Swindland, will oversee all the details of the cooking, the banquet or feast at the banquet table is very low.

Geo. Hydon's Estate

In the Probate court yesterday the heirs of George E. Hydon, killed by the Street Railway company's electric wires, filed a petition for an administrator and a hearing was set for October 2. This is the initial move against the company for the commencement of a suit for damages, which will be pushed as fast as the courts will permit.
